PRODUCT FEATURES

The Nextbase Universal Mount is a high efficiency USB 2.0 active mount for tablet devices. Easy installation and high quality construction make this product the simplest and safest solution to watching your movies on the move with your tablet.

With a simple adjusting mechanism the Nextbase Universal mount is compatible with all 7-10" tablet devices. The high quality design and aluminum body allows the system to PASS ECE-R17 crash test standards. This is the World's only tablet mounting system that can achieve this standard and ensure that your passengers are safe on the move.
